i'm looking into it and I could probably take my GC in a few weeks and pass that bitch but there's one big thing is that I would need to be listed on the LLC for me to test.... So what if you guys figured out a situation where like every branch I was a 10% equity partner so it's minimal but I can be listed on the LLC or partnership documentation and then everybody could use my license... Something to think about, but I'm looking at this right now and I could take this bitch and pass it and I would also be fueled by the fact that Kirtis failed it. 🤔🤔🤔🤔🤔🤔🤔🤔

This company offers the same thing for the NASCLA (much more expensive) but they are so confident that they give you money back if you fail

Step 1: Verify Your Eligibility

Before applying, ensure that you meet the following requirements:

- * **Age Requirement:** You must be at least 18 years old.
- * **Experience:** It's helpful (though not required) to have prior experience in roofing or the construction industry, especially if you plan to apply for a high monetary limit.

Step 2: Choose the Right License Classification

- * **License Classification:** You need a license with the **BC-21 Roofing classification** under the Building Contractor license.
 - o BC (Building Contractor) License
 - o BC-21 Subclassification allows roofing work specifically.

Step 3: Take and Pass Required Exams

To qualify for a contractor's license, you'll need to pass:

1. **Business and Law Exam:** Required for all applicants. It covers state laws, rules, and regulations regarding business management, insurance, and taxes.
2. **Trade Exam:** The BC-21 Roofing exam focuses on roofing techniques, safety, codes, and installation processes.

Exam Details:

- * **Exam Provider:** PSI Services LLC ([psiexams.com](https://www.psiexams.com))
- * **Cost per Exam:** \$55 each
- * **Exam Format:** Open-book, multiple-choice
- * **Passing Score:** Minimum of 73% on both exams.

How to Register:

- * Schedule online at [PSI's Website](https://www.psiexams.com) or call (800) 733-9267.
- * Bring valid government-issued identification on exam day.

Step 4: Prepare Financial Documentation

You'll need to submit financial information with your application. This is used to establish your **monetary limit**, which is the maximum size of projects you're authorized to undertake.

Requirements:

- * **Financial Statement:** Reviewed or audited by a **Certified Public Accountant (CPA)**. A **Compilation Report** is sufficient if your monetary limit is under \$1,500,000.
- * **Monetary Limit Calculation:**
 - o 10x working capital (current assets minus current liabilities), OR
 - o 10x net worth (total assets minus total liabilities).

Step 5: Provide Proof of Insurance

Tennessee requires licensed contractors to maintain:

- * **General Liability Insurance:** Minimum coverage amount depends on your monetary limit.
- * **Workers' Compensation Insurance:** Required if you have employees. Sole proprietors and partnerships without employees may be exempt but must file an exemption.

Step 6: Register Your Business Entity

If operating as a **corporation, LLC, or partnership**, you must register your business with the **Tennessee Secretary of State**.

Business Registration Requirements:

- * Choose your business structure (LLC, Corporation, etc.)
- * File formation documents with the Tennessee Secretary of State.
- * Obtain an **Employer Identification Number (EIN)** from the IRS.

Step 7: Submit Application to the Tennessee Board for Licensing Contractors

After passing your exams and gathering the required documentation, you can submit your application.

Application Details:

- * **Application Fee:** \$250 (Non-refundable, valid for 2 years)
- * **Form:** Download from the Tennessee Board for Licensing Contractors.
- * **Deadline:** Applications must be submitted at least 20 days before the next Board meeting.

Step 8: Pass Background Check (If Required)

Depending on your situation, you may be asked to submit a criminal background check.

Step 9: Interview with the Board (If Requested)

In some cases, the Tennessee Board for Licensing Contractors may request an interview to assess your experience and qualifications.

Step 10: Await License Approval

- * **Processing Time:** 4 to 6 weeks after submission.
- * **Board Review:** The Board meets monthly to review and approve applications.
